Education

Vellore Institute of Technology — Chennai, India
Bachelor of Technology in Computer Science and Engineering (AI and ML) — *Sep 2021 – July 2025*

Experience

Handovr | **handovr.in** — Delhi, India
Founder / Product Lead — *Jan 2026 – Present*

- Led 0-to-1 discovery through **40+ user interviews** across Delhi NCR to define product roadmaps, PRDs, and a **16-point hardware verification and escrow flow**, raising **buyer conversion readiness by 38%** and **cutting negotiation drop-offs by 28%**.
- Instrumented **end-to-end funnel telemetry** to diagnose doorstep handover bottlenecks, streamlining marketplace fulfillment workflows to **reduce transaction cycle turnaround time by 40%**.

Techpanion Solutions — Remote
AI and Automation Intern — *June 2024 – July 2024*

- Mapped **accounts payable workflows** to design automated OCR extraction pipelines with **human review queues**, **eliminating manual inspection overhead by 65%**.
- Integrated **confidence scoring thresholds** and **duplicate detection heuristics**, helping finance teams prioritize edge cases and **speeding up invoice processing by 35%**.

iCtrlBiz Consulting — Noida, India
Product and Business Systems Intern — *Aug 2023 – Dec 2023*

- Translated sales requirements into a **modular CRM specification** with Kanban pipelines and dashboards, **increasing lead tracking visibility by 45%**.
- Automated **task triggers and stage transition rules** in React and PostgreSQL, reducing sales follow-up slippage and **boosting SLA adherence by 30%**.

Projects

Netflix Product and Retention Strategy | *PLM Framework, Churn Modeling* | Notion Case Study — 2026

- Authored a case study proposing **GenAI Dynamic Micro-Trailers** to curb browse fatigue, designing a **progressive-choice discovery model** with post-mortem analysis of Netflix's retired "Play Something".
- Formulated an **A/B experimentation framework** with metric hierarchies and guardrails, modeling a **0.15% churn reduction** to project **∼$60M+ in annualized retained ARR** at **>15x ROI**.

ProductLens | *Next.js, FastAPI, PostgreSQL, SQLGlot, LLM Agents* | GitHub | Live Demo — 2026

- Used FastAPI, Next.js, and SQLGlot AST validation to build a **governed product analytics copilot**, creating deterministic text-to-SQL with **100% AST query validation** and **zero schema errors**.
- Designed **semantic catalog specs** and **evidence-backed decision cards** with confidence intervals, enabling non-technical stakeholders to complete metric investigations **3x faster**.

BizGuide AI | *React 19, FastAPI, LangChain, Pinecone, Llama 3.3 70B* | GitHub | Live Demo — 2026

- Used LangChain, Pinecone vector indexing, and Llama 3.3 70B to build a **multi-agent compliance workspace**, routing inquiries to specialized agents with **92% citation groundedness** against official statutes.
- Designed **structured PDF upload flows** with source-grounded previews, **eliminating hallucinations for 100+ simulated businesses** navigating Indian regulations.

KarobarKit | *Next.js, TypeScript, React, Local-First Architecture* | GitHub | Live Demo — 2026

- Used Next.js and TypeScript to build a **privacy-first operational business toolkit** with **82 India-focused calculators and tax utilities**, **reducing search-to-tool discovery time by 50%**.
- Designed **modular registry architecture** with zero-server persistence and PDF/QR exports, achieving **sub-100ms calculation speeds** and **100% client-side data privacy**.

Skills

Product Management: Product Strategy, PRDs, User Discovery, Wireframing, Prioritization (RICE/Kano), 0-to-1 Launch, Unit Economics
Data & Analytics: SQL (CTEs, Window Functions), Product Analytics, Funnel & Cohort Analysis, KPI, A/B Testing
Applied AI & Systems: LLM Systems, Multi-Agent RAG, Vector DBs (Pinecone), Semantic Embeddings, Prompt Engineering
Technical Stack & Tools: Python (FastAPI, Flask, Streamlit, Pandas), React.js, Next.js, TypeScript, PostgreSQL, Supabase, DuckDB, REST APIs, Git, Docker, Postman
Leadership & Soft Skills: Stakeholder Management, Cross-Functional Collaboration, Technical Communication, User Empathy, Agile/Scrum
